

## GEN III SERIES

SG Range

### Breathing Air Reels

GEN III breathing air reels are ideally suited for supplying breathing grade air to air fed respirators to better manage the supply hose making it safer for the operator particularly in confined work areas.

\*Hose assemblies meet EN139 standard.

### Lubrication Reels

Lubrication reels are the ideal solution for light duty oil and grease transfer applications.

### Garden Reels

The garden reel is the perfect solution to keep your garden looking great. No more tangles or having to fight the hose every time you water the garden or wash the car. The reel comes complete with a 2-m side connection hose and inlet fitting.

### Barrier Reels

Fitted with 20 metres of 50mm wide woven webbing (safety orange) the barrier reel is the ideal way to quickly & efficiently set up personnel safety barriers for areas that require regular guarding.
